

SIU School of Medicine Student Performance Evaluation

Name: _____

Elective Title: _____

Elective #: _____

Elective Start Week: _____ (Week #: ____)

Elective End Week: _____ (Week #: ____)

Credit Hours: _____

- UE = Unable to Evaluate
- UNS = Unsatisfactory (1): Almost never
- MAR = Marginal (2): Occasionally with direction
- MEE = Meets Expectations (3): Usually with direction
- COM = Commendable (4): Usually without direction
- EXC = Excellent (5): Almost always without direction

NOTE: Narrative required for students marked UNS (1), MAR (2) or EXC (5)

Patient Care	UE	UNS 1	MAR 2	MEE 3	COM 4	EXC 5
Clinical: Gathers essential & clinically relevant patient information; develops and carries out patient management; uses appropriate information technology in the provision of care for patients; counsels and educates patients and their families, and works with all other health care professionals involved in patient care						
Comments:						
Medical Knowledge	UE	UNS 1	MAR 2	MEE 3	COM 4	EXC 5
Clinical Elective: Demonstrates an investigatory and analytical thinking approach to clinical situations; knows and applies the basic and clinically supportive sciences which are appropriate to the discipline						
Non-Clinical Elective: Demonstrates a broad knowledge base in the discipline and effectively meets the expectations of the elective; demonstrates an analytical approach that facilitates increased knowledge of basic science or other relevant principles related to the elective						
Comments:						
Practice-Based Learning and Improvement	UE	UNS 1	MAR 2	MEE 3	COM 4	EXC 5
Clinical Elective: Locates, appraises, and assimilates evidence from primary resources related to patients' health problems; applies knowledge of study designs and statistical methods to the appraisal of clinical studies and other information on diagnostic and therapeutic effectiveness; uses information technology to manage information; recognizes need for life-long learning						
Non-Clinical Elective: Successfully locates literature related to the elective objectives; applies knowledge of the field in appraisal of literature examined; recognizes need for life-long learning						
Comments:						

Interpersonal and Communication Skills	UE	UNS 1	MAR 2	MEE 3	COM 4	EXC 5
Clinical Elective: Establishes rapport with patients and families; uses effective listening skills and communicates appropriately through nonverbal, written, and oral interactions; works effectively as a team member						
Non-Clinical Elective: Demonstrates ability to concisely and thoroughly summarize key findings relevant to the primary literature/subject discussed; communicates appropriately through nonverbal, written, and oral interactions; works effectively with colleagues and responsible faculty						
Comments:						
Professionalism	UE	UNS 1	MAR 2	MEE 3	COM 4	EXC 5
Clinical Elective: Demonstrates respect, compassion, integrity, and maintains professional relationships with patients, family, staff, peers, and other health care professionals; responds to the needs of patients; demonstrates a commitment to excellence and on-going professional development; demonstrates a commitment to ethical principles; demonstrates sensitivity and responsiveness to patients' culture, age, gender and disabilities; maintains patient confidentiality; exhibits professional attire and hygiene						
Non-Clinical Elective: Demonstrates an awareness of and adherence to ethical principles of research and scholarship; demonstrates a continued commitment to excellence and on-going professional development; demonstrates respect for faculty and peers by arranging and keeping appropriate appointments to ensure an effective schedule; maintains patient confidentiality; exhibits professional attire and hygiene						
Comments:						
Systems-Based Practice	UE	UNS 1	MAR 2	MEE 3	COM 4	EXC 5
Clinical Elective: Articulates cost effective health care and resource allocation ideas without compromising patient care; discusses the quality of patient care and assists patients with system complexities; knows how to partner with various health care providers, administrative, judicial, and community agencies; strives to improve health care and overall system performance						
Non-Clinical Elective: Understands how the practice of medicine affects the health care organization as well as society; understands how the elective material relates to medical practice						
Comments:						

_____ This student has completed this course in a satisfactory manner (MAR or EXC requires narrative).

_____ This student has not yet completed this course (incomplete).

_____ This student has NOT completed this course in a satisfactory manner (UNS requires narrative).

ATTENDANCE: If attendance was unsatisfactory, how many credit hours should be granted? _____
